

## To Remove/Attach Case Ingersoll N46 Mower Deck

Home Made Deck Ramps and Anchor Rods

Step 1. Decrease Belt tension and remove PTO Belt.

Step 2. Start engine and raise deck with Lift Links.

Step 3. Disconnect mounting (Mule) bracket by releasing Snap-Fast pins while deck is suspended by Lift Links.

Step 4. Lower deck to ground by completely lowering lift arms.

Step 5. Shut off engine and disconnect Right and Left Lift Links.

Step 6. Place Deck Height Selector in "L" or lowest position.

Step 7. Place Deck Ramps behind front tires and against front of deck on both sides.

Step 8. Insert Anchor Rods through deck axle on both sides and into ground to hold deck from sliding on grass.

Step 9. Start engine and slowly back over deck in Reverse.
